CORONAVIRUS CUSTOMER INFORMATION UPDATE

Following the recent decision to transiently stop all the activities, Cedaspe moved forward and put in place all the security protocols requested by the latest emergency decree for its workers in the factory, as well as anti-contagion steps for all its employees, encouraging smart working throughout the entire organization.

Our first goal is to put the health of all our employees first and also ensure the continuity of our work, striving to serve our customers.

In view of the above, Cedaspe has decided to progressively restart the production as of Monday 30th March, until further notice.

Please subscribe to our newsletter through our website <http://www.cedaspe.com/en/> and follow our LinkedIn page <https://www.linkedin.com/company/cedaspepower> : we will take care of updating you about any additional development of the situation

Best regards,

CEDASPE S.r.l.
